Kitchen | Bedroom | Study

## | why choose Kessler?

At Kessler we believe in transforming your dreams into reality.

We do this by creating unique and vibrant living spaces, supplying and fitting the highest quality kitchens, bedrooms and studies that are anything but ordinary.

We know both our retail clients and national house builders demand nothing but the best in materials and workmanship - which is why our in-house designers and onsite manufacturers work individually with every customer to meet their exact and bespoke requirements.

At our 50,000 square foot headquarters in central Scotland, we craft our furniture from the most robust and finest quality materials. Our 18mm rigid-built cabinetry has German-manufactured soft closing doors and drawers as standard and is designed to last a lifetime. Our stone worktop range – available in granite, quartz and marble - are expertly cut onsite and provide a perfect and pristine finish that will transform your kitchen.

You know you can trust Kessler. Our team is tried and tested with many years' experience delivering hundreds of projects from inception through to quick and stunning completion.

Let's make your dream space a reality.

## | trends.

We're always one step ahead with the latest trends whilst our innovative approach to design still creates a space that's timeless. Our spectacular kitchens are continuously evolving and are fashioned using a range of the latest materials, colours and patterns – transformed to conceive a unique environment that's personal to you.

### materials

A mixture of metal, copper, wood and stone creates an individual feel - enhancing your own unique style and flair.

### colours

Complementary and striking colours and hues create a harmonious atmosphere in your kitchen.

### patterns

Whether you prefer contemporary or traditional, smooth or textured, or inspirational with a variation of patterns – we can add visual interest to your living space.

### environments

Our surroundings affect the way we think and feel. From city streets to country life, inspiration is everywhere, so embrace your environment to create the harmony you love in your home.

**kassel.**

Kassel is our entry level door range available in 14 colours with a mix of current trend woodgrain and pastels. These are all finished with a complementary 2mm matching edge. Our Kassel doors are durable, 18mm thick and you can choose to have fully matching or contrasting cabinetry - depending on your desired design.

At Kessler Stone, when it comes to solid surface fabrication, be that granite, quartz, marble or other surface materials, we take the time to do things the right way.

The difference between good and truly exceptional is in the preparation and care to detail throughout the fabrication process. We take great pride in the work we produce and rigorously follow a step-by-step process to make sure that every project that leaves our factory is perfect the first time, every time.

**STONE SPECIALISTS**  
Expertly templated  
Precision cutting on state of the art machines  
Fabricated & polished by hand  
Stringent quality control

Our in-house solid surface fabrication allows us to template, manufacture and fit a wide and exciting range of solid surfaces. We're a distributor of Silestone by Cosentino and can provide any colour or style from their range in addition to our standard range - all with a 25-year guarantee.

## sinks & taps.

As practical as they are, the sinks and taps that you choose can also make a powerful design statement. Today's choices are as fashionable as they are functional. We offer sinks in practical granite to match our Silestone collection, or clean stainless steel. We also have a range of taps from our design-led collection to suit all tastes and budgets. Here is our standard product range.

## | lighting.

The importance of lighting in setting the mood and ambience cannot be underestimated. At Kessler we have a comprehensive selection of low-energy LED lighting and accessories available to help you personalise your kitchen. The range includes cool white and warm tones in spotlights and flexible strip lights. We also have intuitive and innovative sensor switches that turn lights off and on when cupboards open. Here's a small selection of what we can offer.

# |project management.

From the initial conception of your first idea – we understand the importance of planning and design. Our designers work closely with you to ensure you receive a personal, high touch consultation which includes creating a comprehensive 3D design which brings your kitchen to life.

Prior to implementation – our surveyors will also doublecheck your kitchen is measured accurately giving you complete peace of mind. Our skilled kitchen fitters then provide a seamless, high quality finish. Throughout the whole project - our designers are there to support you every step of the way.

All our trusted installers undergo a rigorous vendor assessment and continuous improvement process. They all complete in-house training to ensure that only the highest standards are applied when fitting our products. They are periodically subjected to independent audits by our quality inspectors and all meet every industry standard in terms of safety and quality assurance.

The materials and products we use are also subject to rigorous testing and carry this quality assurance. Kessler Project Management Systems ensure that from delivery to completion, the whole process, whether site-driven or in a retail environment, is measured, coordinated and rigorously inspected at every point.

Our history is borne out of excellence with quality assurance, safety and customer satisfaction firmly at the heart of everything we do.
